

HOW DOES WAYMAKER IMPACT STUDENT SUCCESS?

Students Say: Waymaker Helps Me!

63% of first-year writing students at the University of Mississippi agree Waymaker modules help with their writing project work.

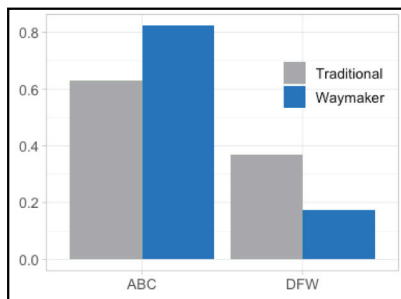

Success Data from Lumen Customers

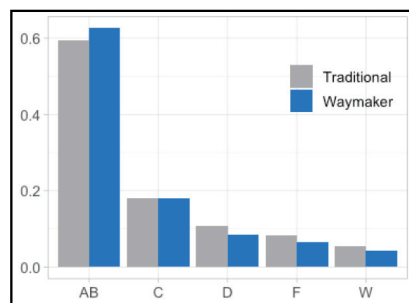

When faculty members adopt Waymaker courseware and use its evidence-based tools to support student learning, great things can happen. Customers have shared the following data with us about the impact of Waymaker on their students' success in a variety of subject areas.

Passing Rates Increase 19%

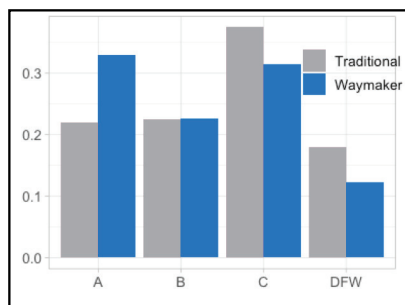

Erie Community College: David Usinski

A & B Grades Up 4%

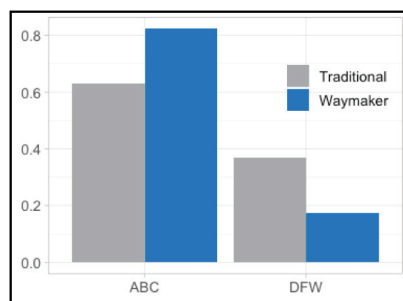

Kingsborough Community College: Kristin Pollizzotto

A Grades Up 11% D/F/Ws down 6%

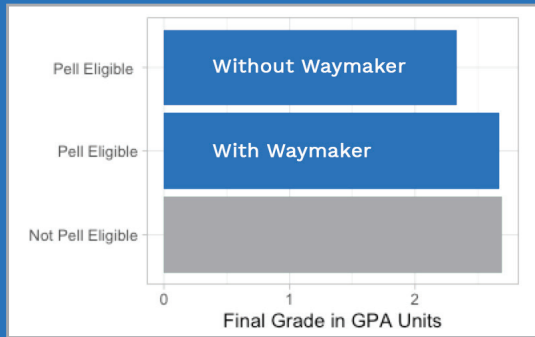

Monroe Community College: Tori Matthews

18% More Students Persist and Pass

Cerritos College: Bob Livingston

Waymaker can erase the “Pell Penalty”

When faculty members actively use Waymaker’s time-saving messaging tools, students’ grades can improve by a half-grade.

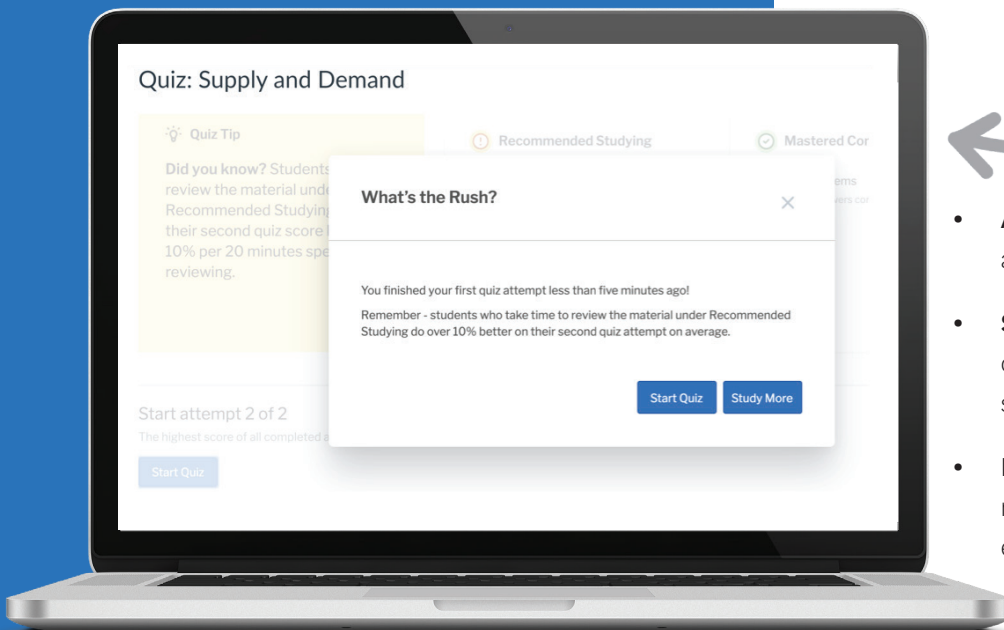

Evidence: Stronger Student Performance

Analyzing student performance data from larger data sets, Waymaker demonstrates an ability to close the performance gap between Pell-eligible students and their wealthier peers.

Waymaker Features Support Increased Learning and Success

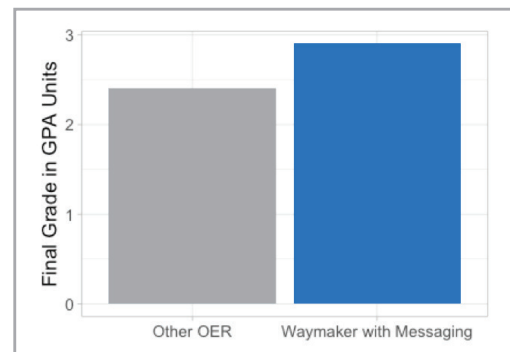

Lumen’s internal learning data analysis shows how key Waymaker courseware features can contribute to overall gains in student success.

- **Automated messages** can increase average quiz score by a half grade.
- **Suggested messages** for faculty to offer help to struggling students can significantly improve quiz scores.
- **Between-quiz study tips and nudges** result in students studying more and earning better quiz grades.

Waymaker can improve letter grades

When faculty members actively use Waymaker’s time-saving messaging tools, students’ letter grades can improve by a half-grade, on average.
