

Lumen Learning Course List

Lumen provides affordable, ready-to-teach course materials designed to improve learning using [open educational resources \(OER\)](#). Lumen curates the best available OER aligned with learning outcomes. Typical content includes text, video, interactives, assignments, assessments, PowerPoint slides and other learning materials, all integrating seamlessly into your learning management system (LMS).

Our catalog focuses on courses students commonly take during the first two years of college. Lumen courses replace expensive textbooks and online homework in these subject areas.
