

# Elevate Your Teaching with Lumen Circles

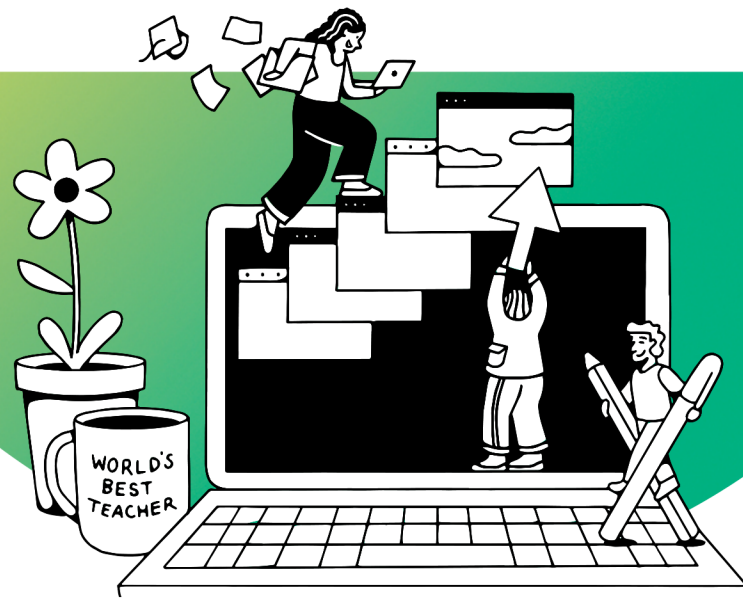

## Professional Development Experiences

Lumen Circles are virtual professional development experiences for educators to connect with each other and strengthen their teaching.

By bringing together faculty members across disciplines and using evidence-based teaching practices, Lumen Circles help you build an inclusive learning environment for your students and reach your full potential as an educator.

**Take your skills to the next level with Lumen Circles**

## How Lumen Circles Support You

- 1 Set Goals**  
Identify your ideal teaching style and environment.
- 2 Build Teaching Skills**  
Learn how to strengthen your teaching with best practices and our powerful technology.
- 3 Learn By Doing**  
Apply what you're learning to your course to see what works and what needs improving.
- 4 Make Connections**  
Connect with peers to discuss your ideas and learn from theirs.
- 5 Grow and Inspire**  
Track progress towards your goals and inspire deeper learning for your students.

# Your Teaching, Your Choice

You know your teaching style and subject best. We offer multiple Lumen Circles experiences with different focus areas, levels of depth, and duration so you can choose what works best for you.

## Lumen Circles Fellowships

Fellowships bring together an extended learning experience with a supportive peer community, so educators can learn the latest teaching practices and connect with peers along the way.

### WHAT'S INCLUDED

- Virtual learning circle to build skills and apply effective teaching practices
- Asynchronous weekly reflection & peer collaboration activities
- Resource-rich Lumen Circles Platform and educator community
- Individualized coaching focused on your goals for teaching effectiveness
- Certificate in Effective Teaching Practice

## Framework & Fellowship Options

Lumen Circle's fellowships leverage an evidence-based framework developed in collaboration with faculty to facilitate meaningful discussions and reflections on evidence-based teaching practices.

### FOCUS AREAS

- Teaching with Active Learning
- Belonging and Inclusive Teaching Fundamentals
- Course Design/Redesign for Student Success
- Evidence-Based Teaching
- Online Teaching Foundation
- Teaching with OER & OER-Enabled Pedagogy

“Whether new to teaching or a veteran, participating in a Lumen Circles Fellowship is a wonderful opportunity and one that I would recommend to everyone.
